# Introduction to the BMLT

- Web-based software platform for managing meeting lists.
- Used by more than 700 service bodies worldwide.
- Written by addicts, for addicts.
- Has evolved into an ecosystem of software centered around helping people find meetings.

# Why was the BMLT created?

- **Problem:** Out of date meeting lists, very bad!
- **Solution:** The BMLT solves this problem by serving as a single source of truth for meeting information. Update once, propagate everywhere: websites, paper meeting schedules, phone lines, NAWS, etc.
